

Temporary signs:

Please be aware that “garage sale” and other temporary signs CANNOT be taped or otherwise put on street lights or street sign posts. Not only is this against Douglas County Code Section 20.696.200, but tape adhesives quickly ruin painted surfaces. Gardnerville residents have a significant investment in poles and posts, especially the decorative type. Town staff goes to great lengths to keep the Town clean and inviting, a place where we are proud to call home. You may call the Town offices and report the location of signs at 782-7134.

We need your help in taking care
of our investment.
